

Annabelle Kohler

LEAF Charter School senior, Annabelle Kohler is a very busy student. Humanities teacher Chris Becker describes Annabelle this way, "I honestly have no idea how Annabelle found the time to hold a steady job, socialize more than any teenager than I've ever seen in my life, and maintain good academic standing but somehow she pulled it off." Annabelle says two things that had a big impact on her life are "going to LEAF instead of Keene High School and working at the Hungry Diner" in Walpole. She also credits her mom with "being a good influence."

Annabelle is interested in a career in Criminal Justice. While in her senior seminar class, she completed an informational interview with Corporal Wendy Underwood from the Alstead Police Department. Annabelle says "I think it was definitely helpful to hear about what being an officer is like because I have always been kind of unsure about being in that job and what exactly it implies and requires from you. It might be a good fit for me with responding to scenes and being in action but not so much the write ups and traffic stops."

Annabelle is also interested in having "time for crazy, thrilling, and adventurous trips." Here are some of the places she would like to visit and zipline at: New Zealand, Alaska, South Africa, and Costa Rica. We wish Annabelle well on all her adventures and hope she takes lots of pictures to share with us!
