

Brooke Drews

Recent LEAF Charter School graduate, Brooke Drews says she “genuinely likes taking care of people” which makes sense that she is interested in a career as a doctor, nurse, or police officer. Brooke is a very hard worker who has been balancing being a student at LEAF and a manager at Dunkin’.

At LEAF, Brooke was often the unofficial welcoming committee for new students and staff. Often being one of the first people to say hi and help make a new person feel welcome. We are convinced whatever direction Brooke decides to go in, she will make a difference for the people she works with.
