

Senior Micah Wright was quite familiar with LEAF before he started because his older sister was in the inaugural class. He was excited to start at LEAF.

He appreciates that both former STEM teacher, Joe Quimby and Humanities teacher, Chris Becker have treated Micah and his friends as adults.

Some of the classes Micah has enjoyed include “Running with Kurt.” “Kurt is a funny guy. It was the first time I signed up for something like that. I was a slightly faster runner at the end.”

Micah also enjoyed Kung Fu with teacher Vinny Sodders. “I always liked martial arts and I have been doing it my whole life. Vinny is very knowledgeable.”

Micah was a member of the Fall Mountain High School Football team and was able to earn Extended Learning Opportunity(ELO) credit for his participation. He played wide receiver. Football is a “cool, unique sport. It’s a contact sport which is not common.”

Micah was also a member of the Fall Mountain High School Track team. Micah competed in pole vault. He “likes how it is not really a team sport. You are competing against yourself.”

Micah’s dream job would be a professional golfer. Micah thinks “golf is a low effort sport that sounds super fun. It is very competitive and you can keep playing until you are 90.”

Some of his favorite memories include; “playing frisbee, exploring the forest with Kurt, and playing in the Ultraviolet Triplets.” The UltraViolet Triplets is a band started at LEAF with Micah and classmates Ethan Rilling and Ben Robison.

Next fall, Micah will be attending the University of New Hampshire to study animal science. Micah was accepted at all the universities that he applied to including: American International, Franklin Pierce University, Plymouth State University, the University of Southern Maine, and Keene State College. Micah chose UNH because he liked the thought of a bigger school with a good science reputation.

Micah has the following advice for incoming students, “play sports! Playing sport helps build connections that are cool and sports get you in better shape.”

LEAF is an unique community “the main thing that separates it from other schools is the people who come here. People who come here are not cookie cutter.”

## 5 Fun Facts about Micah

1). I like sports.

2). I like being outdoors.

3). I like cars. Volkswagen is my favorite manufacturer. I would like a 2004 Volkswagen GTI r32 in black pearl. I like the looks of that car. It is a special edition and very rare. It has an all wheel drive and a 3.26 cylinder engine which is rare in a car that small."

4).I like parkour.

5). My favorite flavor of ice cream is mint chocolate chip.
