

Jax Sevene  
Senior Profile  
2020-2021

Jax first found out about LEAF Charter School when someone recommended the school to his mom. Jax says the best thing about LEAF is the relationships he has created with other students.

Two staff members who have made a difference for Jax and really stand out are Student Support Specialist, Dolores Moran-Colby and Humanities teacher, Chris Becker. Dolores “helps me do my work. It is impossible to work with me sometimes and somehow she does it.” Humanities teacher, Chris Becker, is also one of Jax’s favorite teachers. “Becker is a funny man. He makes his class interesting.”

As a very talented artist, Jax has enjoyed being a part of founding director and art teacher Dakota Benedetto’s art classes. He has especially enjoyed drawing in the Open Studio class.

After graduation, Jax intends to pursue an artistic career possibly as a graphic designer.

Jax says “I like going to LEAF, It is smaller so there are not a lot of people. I like the classes at LEAF. I got the support I needed to get through school.”
